## Five Game Associations Pass Convention Resolutions

About thirty representatives from the Fish and Game Associations of Crossfield, Carstairs, Didsbury and Olds attended a meeting in the Lions' Hall, Didsbury, on Thursday evening, November 23, to draft and consider resolutions to be submitted to the annual convention of the Alberta Fish and Game Association, as a joint effort by the above Clubs, together with the Innfall Association, which was not represented at the meeting.

When it is considered that the above five game associations have a combined membership of over 1,000, the casual reader should recognize the opinions expressed as authoritative on fish and game matters.

The following resolutions were drafted at the meeting, and while some changes may be made, they represent a tentative list of resolutions to be presented to the convention:

### FISHING

WHEREAS there has been a proposal made to have the main fishing streams throughout the Province open to fishing, and to alternate the closing of tributaries as fishing conditions permit;

THEREFORE be it resolved that this proposal be endorsed.

WHEREAS the opening of the fishing season in the northern and southern parts of the Province have been on different dates, resulting in over-fishing of the areas closer to the boundary line;

THEREFORE be it resolved that consideration be given to the opening and closing of the fishing season in all parts of the Province on the same date.

WHEREAS most of the under-sized fish caught and released by anglers do not survive;

THEREFORE be it resolved that the size limit on fish be abolished and all fish caught by an angler be considered in the daily aggregate.

WHEREAS Dolly Varden or bull trout are not now considered as game fish, with no season or bag limit imposed in Alberta;

THEREFORE be it resolved that Dolly Varden or bull trout be included as game fish in our fishing regulations.

WHEREAS the present regula-

tions cover both commercial and sport fishing;

AND WHEREAS penalties concerning sport fishing are not appropriate to the offence;

AND WHEREAS the regulations are not clearly defined in the present Fisheries Act;

THEREFORE be it resolved that these Associations recommend to the Legislative Assembly that new Acts be passed one respecting commercial fishing, and one respecting sport fishing, and that these Acts be re-drafted to facilitate the checking of offences, and the prosecuting of offenders.

WHEREAS it is considered advisable to facilitate the checking by game wardens on all fishermen and hunters, and to save sportsmen time and effort in producing licenses when requested;

THEREFORE be it resolved that the game branch issue badges, to be worn on the outside, with all hunting and fishing licenses.

### MIGRATORY BIRDS

WHEREAS the local duck hatch in a normal year in the area between Calgary and Red Deer is adequate, owing to the numerous small sloughs and creeks;

AND WHEREAS these small bodies of water do not attract the migrating birds on their southern flight;

AND WHEREAS the pre-season shooting on ducks in this area has been heavy owing to permits issued to reduce crop damage, and thus providing sport for only a few hunters;

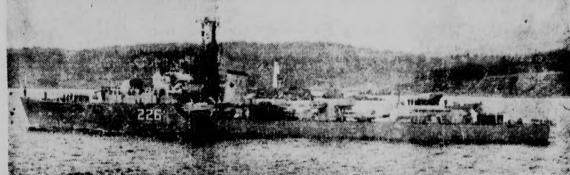

AND WHEREAS very little duck shooting has been available to local duck hunters in the area between Calgary and Red Deer during the past three seasons because the season opens too late in the year;

THEREFORE be it resolved that the hunting zones be changed or a new zone be established to provide for the opening fall duck hunting season in this area on or about September 15, or the nearest Saturday thereon.

### BIG GAME

WHEREAS it is felt the present east boundary (the Calgary and Edmonton Highway) as a line of demarcation between opened and closed areas;

(Continued on Page 2)

ATLANTIC BOUND—HMCS Crescent is shown as she bade farewell to the west coast, steaming out of Esquimalt navy base bound for new duties in the Atlantic Command. She is under command of Lt.-Cmdr. G. H. Hayes, DSC, RCN, of Winnipeg and Halifax.

## Junior Red Cross Group Tours Hospital

In their first major project of the year, between 45 and 50 members of the Didsbury Junior Red Cross group toured the new Red Cross Crippled Children's hospital in Calgary on Wednesday afternoon, November 22.

The new \$1,200,000 hospital, still under construction, will be opened about March 1, 1951.

The tour was organized by Miss Fay Prevost, student organizer, who attended the leadership course in Red Cross work held at Jasper last summer. Two Didsbury school teachers, Mrs. Grace Banks and Miss Queenie Ford, accompanied the students.

Private cars conveyed the students, and were supplied by Mr. A.E. Prevost, Miss Ford, Mr. H. D. Halliday, Mr. H. E. Oke, Mr. A. R. McNaughton, Mr. Thomas Morris and Mr. W. A. McFarquhar. Don Freeman drove Mr. W. A. Austin's car.

## Walther League Will Have Talent Quest

Without worshipping we stand in danger of losing our contact with God. It is axiomatic that to remain spiritually alive it is necessary to worship. This worship should take the form of public worship, society worship and private worship. This formed the basis of the topic discussed led by Fred Reese at the last Walther League meeting. It brought forth some very wholesome ideas on worship.

The society as a whole is undertaking a project for the forthcoming Talent Quest. As members on the committee, the following were elected: Mrs. E. Pieper, Mrs. E. Fox, and Mrs. C. Bereth. The play committee reported that a number of plays had been read, but nothing suitable had been found as yet.

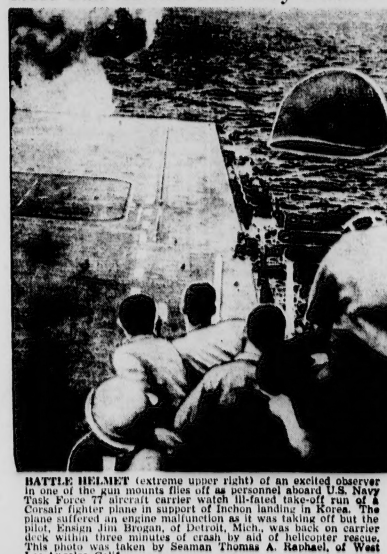

A sing-song and lunch brought the meeting to a close.

## MRS. N. CLARKE HOSTESS TO WOMEN'S MISSIONARY SOCIETY

Monday evening, November 20, ten members of Knox United Church Women's Missionary Society met at the home of Mrs. N. Clarke.

Officers were nominated for 1951. Members and friends of the W.M.S. are asked to remember used clothing for home missions and parcels for overseas.

## Close Call Aboard U.S. Navy Carrier

BATTLE HELMET (extreme upper right) of an excited observer in one of the gun mounts flies off as personnel aboard U.S. Navy Task Force 77 aircraft carrier watch ill-fated take-off run of a Corsair fighter plane in support of Inchon landing in Korea. The plane suffered an engine malfunction as it was taking off but the pilot, Ensign Jim Brown, of Detroit, Miss., was back on carrier deck within three minutes of crash by aid of helicopter rescue. This photo was taken by Seaman Thomas A. Rabecki, of West Los Angeles, Calif.

## Henry Roeth Passes In His 78th Year

Henry Paul Roeth, an old timer of the Didsbury district, died in the local hospital on Saturday, November 23, following a lengthy illness. Born at Wellesley, Ontario, in 1872, Mr. Roeth was married in 1896 and the couple came to Didsbury in 1907 where Mr. Roeth was engaged in several occupations and in the dry business in town for three years before going overseas in 1916 with the Canadian Army. On his discharge he took a farm in the Innis Lake district and continued to reside there until 1942, when they moved to Didsbury.

Surviving are his wife, Mary Ann, Didsbury; two sons, Clarence of the Innis Lake district, and Leslie of Seattle, Wash.; one grandson, a daughter, Mrs. Elmer Marks, predeceased him in 1935.

Funeral services will be held from the Evangelical Church in Didsbury on Wednesday, November 29, at 2:30 p.m., with Rev. A. J. Grams officiating. Burial will follow in the Didsbury cemetery with Orme Funeral Home of Olds in charge of arrangements.

## Midway Community Centre Winter Sports

Ice making is under way at both the curling and skating rinks at the Midway Community Centre and is expected that curling will start the first week in December. All Club C's have been taken to Calgary for re-sharpening and players should have no excuse this year when playing the out town.

Howard Pross, last year's caretaker, is again on the job, and it is expected to have the lunch counter in operation so that facilities can be provided in the heated waiting room for an enjoyable curling and skating season.

Anyone wishing to curl or obtain skating season tickets should contact J. C. McCulloch or R. W. Fisher immediately, as a season schedule is now being drafted.

## EAST NOTES

The next Lions' Fine W.I. meeting will be held at the Fred Metz home, on Wednesday, December 6th. Bring your articles for the Christmas pie and enjoy the entertainment.

Mrs. Sam Elliott attended the executive meeting held on Saturday at Mrs. Ruth Eckel's home.

Congratulations are extended to Mr. and Mrs. Jack Underhay on the birth of a daughter.

Mr. and Mrs. Alice Thompson and Beverly spent last week in Calgary and visited with their friends and with Mrs. Lucy Thompson.

Mr. Walter Metcalch was a business visitor in Calgary on Tuesday.

A fairly good crowd attended the dance at the Pine Hall last Friday and everybody said they had a good time.

Mr. and Mrs. Alvin Baptist and son are spending a few days with the Alfie Thompson family.

Leslie Schumaker, who has been working at Wapella, Sask., has gone farther east to take a job in Ontario.

The Jutland school children's organ and cake sale was very successful and a pretty fair crowd turned out for the event even though it was a cold night.

The program was very good and we say well done Jutland.

Mr. Fred Metz attended the Municipal Convention held in Calgary last week.

Mrs. Floyd Ahlgren and Mrs. Harry Richardson attended the Eastern Star tea and sale on Saturday.

## LEGION POPPY FUND

Previously acknowledged \$37.36  
Jutland 2.30  
Bancroft 3.50  
Jutland Timber 1.50  
Government 3.30  
Total \$50.06

## Ethel Blain Entertains The Rugby Blue Bells

The November meeting of the Rugby Blue Bells was held at the home of Ethel Blain on Saturday, November 18, with twelve members present.

The meeting opened with the singing of the club song. Roll call was then answered by a two minute talk on "your favorite handicraft." Names were drawn for the gift exchange next month.

Maxine Hoesgood was appointed to buy a few games with club funds and these will be sent to the Junior Red Cross.

The five-minute talk on handicrafts was given by Vera Blain, followed by the gift exchange conducted by Lillian Hoesgood.

The meeting closed with the singing of "God Save the King, after which Mrs. Arnold Blain very kindly showed the older girls how to make paper roses, and the younger members how to make sweetpeas.

The hostess then served lunch and the members all returned to their respective homes.

The next meeting will be held at the home of Mrs. Bessie Hoesgood on December 16, at 2 p.m., instead of the usual time of 2:30.

## Fulkerth Horses Get Awards at Toronto

The Fulkerth Kentucky horses gained new honors at the Royal Winter Fair held recently in Toronto, and Stenewall Star, owned by Walter Fulkerth of Didsbury, was judged champion junior champion saddle horse at the exhibition.

Mr. Fulkerth's Ruth Edgemont was named reserve champion saddle horse mare at the show.

Joe Fulkerth, who has been raising Kentucky horses for many years, and his son Walter, who has carried on with him, are the only breeders of these famous saddle horses in Alberta and they have won many prizes with their animals all over Alberta and Canada, and the recent championships gained at Toronto speak well for the high class of Kentucky being bred and raised just east of Didsbury.

## Junior Red Cross To Sponsor Concert Here

The Grades 7 and 8 Junior Red Cross of Didsbury school are sponsoring a concert at the Opera House tonight, Wednesday, November 29. Proceeds are in aid of the new Red Cross Crippled Children's Hospital in Calgary.

Colonel Tomlinson, Red Cross Commissioner, and Fay Prevost, our representative to the Junior Red Cross camp at Jasper last summer, will give short talks. A film will feature the wonderful work done in Junior Red Cross hospitals.

There will also be a program of local talent and the following items are included: vocal solos by Mrs. Flynn, Ormand Reitenstein, Victor Cahle and Darlene Habermehl; piano solo by Miss Christine Wise; tap dancing by Rhonda Peterson and Mary Lou Timms; chorus, "White Christmas" by Grade eight girls; tumbling display by Grade 10 boys, directed by Mr. V. Rose; orchestra selections by the Didsbury school orchestra, directed by Mr. W. Stauffer. Numbers will also be given by pupils of Grades 1 to 6.

Mr. Wiggins will be chairman. The leaders and members of the Junior Red Cross hope that many parents and friends will be present at this concert and help to provide the much-needed funds for the new Red Cross Crippled Children's Hospital.

## Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

Dress: Battle Dress, Boots, Puttees, Black Belts and Great Coats.

CAPT. THIRING, R.G.

### CHRISTIAN SCIENCE

The mistaken belief that there are many causes and many creators will be discussed Sunday in Christian Science churches under the topic, "God the Only Cause and Creator." Here are some excerpts from the Lesson-Sermon: "And as he was yet a coming, the devil threw him down, and tare him. And Jesus rebuked the unclean spirit, and healed the child, and delivered him again to his father." (Luke 9:32). "Christian Science exterminates the drug, and rests on Mind alone as the curative Principles, acknowledging that the divine Mind has all power." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 157).

### LEWIS-CAMPBELL

A quiet wedding was solemnized at the United Church parsonage on November 21, when Edith E. Campbell, daughter of Mr. and Mrs. E. W. Lowrie of Westward Ho, became the bride of Earl W. Lewis, son of Mr. and Mrs. S. A. Lewis of Didsbury.

Rev. C. C. Armstrong performed the nuptial rites.

The bride looked lovely in her gold colored suit and pink roses formed her corsage. She was attended by her sister, Mrs. V. Schneidmiller. The groom was assisted by Mr. V. Schneidmiller.

A dainty lunch was served at the home of the groom's parents following the ceremony, and immediately after the happy couple left for Calgary.

They will reside in the Elkton district.

F. L. EVANS,  
Secretary-Treasurer

### FISH AND GAME RESOLUTIONS

(Continued From Front Page)

closed as to the deer hunting in the Province is too far east;

AND WHEREAS we feel that the deer in settled areas west of this line need protection if we are to liberate breeding stock in this area.

THEREFORE be it resolved that the boundaries be changed in this part of Alberta to read:

"South boundary to be from No. 2 Highway, thence along the Bow River to a point south of Cochrane; the east boundary from the Bow River through Cochrane to Sundre on the secondary highway; and the north boundary from Sundre to Oids on the secondary highway."

### PREDATORS

WHEREAS Starlings are an undesirable bird and rapidly invading Alberta;

THEREFORE be it resolved that Starlings be added to the list of designated predator birds.

WHEREAS wolves have now been acknowledged as number one predator in the destruction of our big game animals;

AND WHEREAS these animals are becoming more numerous and are killing the livestock of settlers;

AND WHEREAS no other effective means has been found to destroy these wolves;

THEREFORE be it resolved that recognized and reliable trappers, or other responsible residents, be allowed to use a desirable poison to take wolves in designated hunting areas in Alberta.

WHEREAS the killing of game birds and animals on organized coyote hunts results in the depletion of game in that area;

THEREFORE be it resolved that it be declared unlawful to kill game birds and game animals on all organized coyote or predator hunts.

### UPLAND BIRDS

WHEREAS the pheasants this year were immature at the opening date;

THEREFORE be it resolved that the Game Branch investigate more closely in future before setting the opening date in order that pheasants be mature and easily distinguishable between cocks and hens.

WHEREAS it would be more advantageous to hunters to have a larger daily bag limit on pheasants due to the distance travelled, and time at their disposal;

THEREFORE be it resolved that there be a larger daily bag limit on pheasants, with the season bag limit remaining the same as formerly.

## WATER AND SEWER BY-LAWS

BY-LAW No. 632

A BY-LAW TO AUTHORIZE THE MUNICIPAL COUNCIL OF THE TOWN OF DIDSBURY TO INCUR AN INDEBTEDNESS ON BEHALF OF THE SAID TOWN FOR THE PURPOSE OF COMPLETING THE WATER SUPPLY AND DISTRIBUTION SYSTEM AND EXTENDING SAME.

WHEREAS it is necessary to complete the water supply and distribution system now under construction within the Town of Didsbury;

AND WHEREAS the Council deems it advisable to proceed with the extension of the water system and to issue debentures to the amount of \$5,000.00;

AND WHEREAS it is estimated by Messrs. Haddin, Davis & Brown, Professional Engineers, that the cost of completing the present system will be \$17,000.00;

AND WHEREAS in order to construct and complete the said extension and to complete the existing system, it will be necessary to borrow the said total amount of \$22,000.00 on the credit of the Town by the issuing of debentures of the said Town as herein provided;

AND WHEREAS the Municipal Council of the said Town has agreed to apply for a loan of the said amount under the provisions of the Self-Liquidating Projects Act, of the Province of Alberta;

AND WHEREAS the Municipal Council of the said Town wish to repay the said loan over a period of Twenty (20) years by the issue of equal semi-annual instalments of \$670.12 each, being the payments necessary to repay said loan and interest at the rate of Two per cent (2%) per annum, payable semi-annually, and shall be payable to the Provincial Treasurer of Alberta in lawful money of Canada at the Town of Didsbury in Forty (40) equal consecutive semi-annual amortized instalments of combined principal and interest of \$670.12 each.

7. Should the increased revenue resulting from the construction of such works be insufficient in any year to pay the amounts due to the Provincial Treasurer of the Province of Alberta, then the Council shall levy and raise the amount necessary to pay such deficiency by a rate sufficient therefore on all rateable property in the said Town and collect the same at the same time and in the same manner as other rates.

8. Should Debentures or other securities be issued with coupons attached such coupons shall be signed by the Mayor and Secretary-Treasurer of the Town but such signatures may be engraved or lithographed.

9. During the currency of the said debentures there shall be raised annually for the payment of the owner's portion of the cost and interest thereon by special assessment under Part VIII of the said Act, the respective sums as shown as yearly payments on Schedule "C" hereto attached.

10. The said debentures shall be deposited on all lands fronting or abutting on that portion of the streets or places whereon the said water works system is to be laid or being fitted thereon, a special assessment sufficient to cover the owner's portion of the cost of the said work and interest thereon, and the said special assessment shall be in addition to all other rates and taxes including any frontage tax levied under the said Act.

11. The said indebtedness is contracted on the credit and security of the Town of Didsbury at large but as to so much thereof as is not to be paid by the Town at large the Town is to collect the same only by way of special assessment as aforesaid.

12. This By-law shall take effect on the date of the final reading thereof.

BY-LAW No. 633

A BY-LAW TO AUTHORIZE THE MUNICIPAL COUNCIL OF THE TOWN OF DIDSBURY TO INCUR AN INDEBTEDNESS ON BEHALF OF THE SAID TOWN FOR THE PURPOSE OF COMPLETING THE SEWERAGE SYSTEM.

WHEREAS it is expedient for the Town of Didsbury to borrow a further \$17,500.00 for the purpose of completing its sewerage system by the issuing of debentures or other securities of the Town as herein-after provided;

AND WHEREAS the Municipal Council of the Town has agreed to apply for a loan of the said amount under the provisions of the Self-Liquidating Projects Act of the Province of Alberta;

AND WHEREAS the Municipal Council of the said Town wishes to repay said loan over a period of Twenty (20) years in Forty (40)

equal semi-annual payments of \$670.12 each, being the payments necessary to repay said loan and interest at the rate of Two per cent (2%) per annum, payable semi-annually, and shall be payable to the Provincial Treasurer of Alberta in lawful money of Canada at the Town of Didsbury in Forty (40) equal consecutive semi-annual amortized instalments of combined principal and interest of \$670.12 each.

7. Should the increased revenue resulting from the construction of such works be insufficient in any year to pay the amounts due to the Provincial Treasurer of the Province of Alberta, then the Council shall levy and raise the amount necessary to pay such deficiency by a rate sufficient therefore on all rateable property in the said Town and collect the same at the same time and in the same manner as other rates.

8. Should Debentures or other securities be issued with coupons attached such coupons shall be signed by the Mayor and Secretary-Treasurer of the Town but such signatures may be engraved or lithographed.

9. During the currency of the said debentures there shall be raised annually for the payment of the owner's portion of the cost and interest thereon by special assessment under Part VIII of the said Act, the respective sums as shown as yearly payments on Schedule "C" hereto attached.

10. The said debentures shall be deposited on all lands fronting or abutting on that portion of the streets or places whereon the said sewerage system is to be laid or being fitted thereon, a special assessment sufficient to cover the owner's portion of the cost of the said work and interest thereon, and the said special assessment shall be in addition to all other rates and taxes including any frontage tax levied under the said Act.

11. The said indebtedness is contracted on the credit and security of the Town of Didsbury at large but as to so much thereof as is not to be paid by the Town at large the Town is to collect the same only by way of special assessment as aforesaid.

12. This By-law shall take effect on the date of the final reading thereof.

## WINTER WARMTH

There is a best way to do everything, including keeping the house comfortable in winter. The booklet, "Heating the Farm Home" points the way. Prepared by the Prairie Rural Housing Committee, this booklet provides useful information on the what, how, and why of home heating. It explains how the fuel is burned, what happens to the heat in the fuel, and why heat losses occur. It tells also how to avoid some of the common faults in installing furnaces and chimneys.

Fuels are discussed and their economy and efficiency compared. Methods of distributing the heat are considered, and the advantages and disadvantages of a variety of systems explained. The stove, the circulator, the pipeless furnace, warm air system, and hot water systems all receive their share of attention.

"Heating the Farm Home" is well illustrated and the suggestions offered are of value to every home owner. Copies of this booklet may be obtained free of charge from District Agriculturists, from District Economists, or from the Extension Service, Alberta Department of Agriculture, Edmonton.

equal semi-annual payments of \$670.12 each, being the payments necessary to repay said loan and interest at the rate of Two per cent (2%) on the amortization plan, the first of such payments to be due six months after the date of the advance under said Act;

AND WHEREAS the whole rateable property of the said Town is, according to the last revised assessment roll, the sum of \$1,092,971.00;

AND WHEREAS the estimated value of the said Town exclusive of debentures issued for local improvements is \$110,000.00;

AND WHEREAS the estimated life of the utility is twenty-five (25) years;

AND WHEREAS the construction of the proposed works has been provisionally approved by the Provincial Board of Health under Certificate No. 615 and No. 616;

NOW THEREFORE the Municipal Council of the Town of Didsbury in Council assembled enacts as follows:

1. For the purposes aforesaid the sum of \$17,500.00 shall be borrowed by way of debentures or such other securities as may be required under the Self-Liquidating Projects Act, and all such debentures or other securities shall be on the credit and security of the Town of Didsbury at large.

2. For the purposes aforesaid a debenture or debentures of the Town of Didsbury shall be issued to the principal amount of \$17,500.00. The said debentures shall be dated upon such date as may be appropriate having regard to the date of the borrowing of the money, shall bear interest at the rate of Two per cent (2%) per annum, payable semi-annually, and shall be payable to the Provincial Treasurer of Alberta in lawful money of Canada at the Town of Didsbury in Forty (40) equal consecutive semi-annual amortized instalments of combined principal and interest of \$532.97 each.

3. The Mayor and Secretary-Treasurer of the Town are hereby empowered and authorized to sign and affix the Corporate Seal of the Town to any debentures or other securities issued under the provisions hereof, and also any agreement under the said Act.

4. Should the revenue resulting from the construction of such works be insufficient in any year to pay the amounts due to the Provincial Treasurer of the Province of Alberta, there shall be levied and raised the amount necessary to pay such deficiency by a rate sufficient therefore on all rateable property in the said Town and collect the same at the same time and in the same manner as other rates.

5. Should Debentures or other securities be issued with coupons attached such coupons shall be signed by the Mayor and Secretary-Treasurer of the Town but such signatures may be engraved or lithographed.

6. This By-law shall take effect on the date of the final passing thereof.

READ A first time and passed provisionally in Council this 6th day of November A.D. 1950.

F. L. EVANS, Sec. Treas.

BY-LAW No. 634

1. The votes of the Burgesses duly qualified to vote on By-laws 632 and 633 shall be taken on Friday, the 15th day of December, 1950, in the Town Office, Didsbury, Alberta, from the hour of 10 o'clock in the forenoon until the hour of 7 o'clock in the afternoon of the same day.

2. F. L. Evans, Secretary-Treasurer of the Town of Didsbury shall be the Returning Officer to enter and receive the said votes.

3. The said Returning Officer shall at the Town Office, in the Town of Didsbury on Friday, the 15th day of December, 1950, at the hour of 7 o'clock in the afternoon, sum up the votes of the Burgesses on the By-laws, and declare the results thereof.

Received first and second reading the 20th day of November, 1950.

Received third reading the 20th day of November, 1950.

H. LYNCH-STAUTON, Mayor

F. L. EVANS, Sec. Treas.

## Information Required From Alberta Farmers

How many livestock have we in Alberta now? How many in Canada? What are the numbers of our cattle, horses, swine, sheep and poultry? These questions would present a problem if it were not for the work of the Bureau of Statistics and the co-operation of public-spirited farmers throughout the Dominion.

Every year at the end of November forms are mailed to thousands of farmers asking them to answer questions about their livestock, farm help and other farming matters. On the response to these questionnaires depends the success of the survey and the accuracy of the statistics published.

The statistics obtained from the survey are in demand throughout the year. The Dominion Bureau of Statistics is the official source of statistical information in Canada and its figures are used extensively in the interest of agriculture and of the country as a whole.

Farmers who receive these survey forms are urged to do their share in this worthwhile work by completing and returning the questionnaires without delay.

Horse's hooves were shod with covering in the shape of socks or sandals before metal horse shoes were used.

## AUCTION SALE

Favored with Instructions From CHARLES SPREEMAN I will sell the following Blacksmith Equipment, Etc., by Public Auction AT HIS BLACKSMITH SHOP IN DIDSBURY

## Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

### VOTE FOR THE WATER AND SEWER BY-LAWS

The vote on the water and sewer by-laws, to provide \$22,000 to complete and extend the water system and \$17,500 to complete the sewer system, will be held on Friday, December 15. All property owners of the Town can vote on the by-laws, and the polls will be open in the Town Office from 10:00 a.m. until 7:00 p.m.

All ratepayers interested should read the by-laws carefully and if they do not understand any part of them, they should endeavor to get reliable information from town officials.

Actually the by-laws must pass. Most of the work has been done, and must now be paid for. But nearly all citizens are happy about the whole set-up, outside of the long delay in getting the system in operation. Originally it was planned to spend \$166,000 to provide a system for which only 60 water and sewer users would pay for in water and sewer rates, outside the added frontage tax. When construction got underway many more citizens wanted water and sewer facilities, and when the main construction was completed, it was found that 170 citizens wanted the water and sewer facilities of the town.

Now that actual construction has been almost finished it has been found necessary to raise an additional \$39,500 to complete installation costs, and this is the sum that you are to vote for or against on Friday, December 15. However, when ratepayers consider that instead of 60 water and sewer users paying \$166,000 for the privileges, there will now be 170 users to pay \$205,500, the complete cost of putting water and sewer facilities in Didsbury, they will no doubt realize that by voting in favor of the by-laws they are reducing the chances of the system being a paying proposition by almost two-thirds. At the same time they are making it possible at some future date to have lower water and sewer rates, although at the present time this step is not contemplated by Town authorities.

Vote "for" the by-laws on Friday, December 15.

### EDUCATION IN ALBERTA

Andrew Stewart, the new president of the University of Alberta, says that out of 20,000 students who start school in this province each year, only 11,000 continue up to Grade 9 and only 1,000 pass matriculation (Grade 12). Not all of the 1,000 go on to university.

That means that only one out of 20 school students have the opportunity to go to university and probably one out of 25 take advantage thereof.

The provincial university is an expensive institution to maintain. It is also a very important institution. The question arises, however, if sufficient money is being spent and sufficient effort made to an increase and improve the education of those who do not, or cannot, go to university. After all this large group will

### Notes From The D.A.

(Hugh McPhail, Dist. Agriculturist)  
Thanks to new machinery, improved seeds and farming practices, etc., agricultural output in the U.S. is expected to establish a new peace time record in 1950, when each American farmer is expected to feed 15 people. The Canadian farm should do about the same.  
From 1900 to 1940 the average number of people fed by each farmer rose slowly from 8 to 11, and from 1940 to 1945 the number increased to 15.

#### SEED GERMINATION

If you expect to buy seed, sell seed, or plant seed you produce yourself, make sure that it is good seed and that it will grow, advises J. E. Birdsall, Supervisor of Crop Improvement. You may determine the purity and germination of the seed yourself, supply a sample to your elevator agent who will arrange for a germination test and analysis, or send it to the Plant Products Division, Dominion Department of Agriculture, Calgary. For official grades, samples must be sent to the Plant Products Division.

With frost damage over wide areas of Alberta this year, seed testing laboratories are likely to be working to capacity in the late winter and early spring. A wise precaution is to send your sample now in order to avoid delay when the information is needed.

Seed produced in Alberta, especially in north-central and northern Alberta, is often harvested before it is entirely ripe, says Mr. Birdsall. Even where frost has been avoided, the crop may have been subjected to cool conditions and complete ripening may have been delayed. In most cases moisture content is fairly high, and the seed when threshed and stored is not in condition to germinate readily. Even ripening in the fall will also contribute to this condition. Since drying of the seed will not be un-

compose the future generation.

This province needs university-trained men and women. It also needs a well-educated and well-trained population of non-university people. We should not concentrate too strongly on the former group to the disadvantage of the latter.—Brooks Bulletin.

When it is considered that out of 20,000 students in Alberta schools, only 1,000 pass their Grade 12, there is surely something lacking in our educational system. Our school authorities seem to realize this, but with outmoded and overcrowded schools, along with many handicaps in the smaller schools owing to lack of space, teachers and equipment, there has been little that could be done about the situation.

In the Olds School Division our trustees are endeavoring to better conditions and at Sundre and Cremona they have accomplished some of their plans. At present the plan to build new schools at Carstairs and Didsbury has been formulated, and the question will be voted on by the ratepayers on January 31, 1951.

Since education of our boys and girls is of first consideration if we are to have outstanding future citizens, the vote on the school question should carry with a good majority.

## WEDDINGS

### WOLLEN-ERBS

A wedding of interest to many friends and neighbors took place on November 17 at the bride's home when Olwyn Elizabeth, second daughter of Mr. and Mrs. E. E. Krebs, was united in marriage to Mr. Vernon Lee Wollen, third son of Mr. and Mrs. Victor L. Wollen. Rev. E. B. Fox officiated.

Given in marriage by her father, the bride looked lovely in her sister's wedding gown of brocaded satin, featured with sweetheart neckline, long lily pointed sleeves and flounce, and she carried a large bouquet of white mums and yellow roses. Mistling softly over her gown was a train-length veil, caught in a coronet of orange blossoms.

Blue nylon marquisette was worn by her sister, Mrs. Glen Roberts, matron of honor, who carried white and yellow mums, and matching chapel veil.

The bridegroom was attended by his brother, Meroyl Wollen of Leduc.

Mrs. Fox played the wedding music. Following the wedding a reception was held at home, and Rev. Fox proposed the toast to the bride.

The bride's mother wore a grey crepe dress with a corsage of red roses. The groom's mother wore a crepe navy blue flowered dress, with corsage of red roses.

For the honeymoon trip the bride chose a green gabardine suit with grey accessories, and a corsage of yellow roses.

On their return from Leduc and northern parts of the province the happy couple will move to Fort St. John, B.C., where they will make their home.

form throughout the bin, extra care should be taken to get an average sample of the whole bin to send for testing.

### MEAT EATERS

The per capita consumption of meat in Canada in 1949 was 138.6 pounds of which 36.6 pounds was beef and 59.3 pounds pork.

In 1939 the Canadian per capita consumption of meat (average) was 114.6 pounds. During the war years meat consumption rose steadily until it reached an average of 155.3 pounds in 1943. Since then there has been a gradual decline.

### BRITAIN'S SURPLUS IN E.P.U.

Britain earned a gross surplus of £34.3 million, equivalent in value to \$96,000,000 U.S. dollars, in the first operation of the European Payments Union covering the three-month July-September period.

## MORE MEAT

The frost that cut down the prairies' expected peak wheat crop had one warm spot, from a National standpoint, reports the Ottawa correspondent of the Financial Post.

Western farmers' wheat losses should go a long way toward easing the feed grain situation throughout the rest of Canada. Even more, agricultural department authorities say it could conceivably mean an increase in livestock production.

For the nation as a whole, and as it effects the export picture, the Prairies wheat disaster is mitigated at least to this extent.

## NEW USE FOR WHEAT

Wheat can now be processed so that it cooks, smells, tastes and looks (except for color) like rice. The Australian Wheat Board is reported to be undertaking to build a processing plant that will turn out about 60,000 tons of processed wheat a month. The idea is to sell this product to rice eating nations in the Far East which are not able to get enough rice to feed their population.

SELF-FEEDING OF  
BABY BEEF

Leaders of Calf Clubs have stated on many occasions that some of their members have had trouble in getting their calves to eat sufficient chop with the result that the calves are not fat enough to do themselves justice on the day of the show. In such cases the calf may lack good type, but the feeding may be at fault.

The hand feeding of cattle for fattening is not difficult for the professional feeder, but for the inexperienced person, the common pitfall is to feed too liberally, particularly at the start, or to make changes in quantity of mixture too rapidly. Such feeding leads to reduced consumption and slow gains. In hand feeding, any chop left in the trough twenty minutes after feeding should be removed.

If the same person does the feeding each day, there is little difficulty. However, if different persons are to do the feeding, or if the feeding schedule is not regular, the self-feeding method offers a solution as to quantity, says E. Van Nieu, Experimental Station, Scott, Saskatchewan. It is, however, necessary to make changes in mixture gradually.

Once the self-fed calf is on full feed, he remains on full feed for the entire period without the risk of over feeding at any time.

During the winter of 1949-50 at the Dominion Experimental Station at Scott, Saskatchewan, three steers and one heifer averaged 598 pounds at the end of the winter. The steers were self-fed individually for 171 days and made an average gain of 328 pounds per head. After careful starting, for a few weeks, this feeding was done without any anxiety as to when and how much the chop should be increased.

A calf just off pasture, which has never eaten chop should for the first two weeks be given only about one-half pound twice a day and many feeders favour the use of equal parts whole wheat bran at first. The calf should eat approximately two pounds of hay to one of chop.

After two or three weeks the calf should be given straight oat chop and nearly all he wants. If the self-feeder is to be used, a little more oat chop may be given daily until at the end of the three week period, the chop is before the calf continually in the self-feeder, then a supply for a week or more may be given. It has been found that a medium coarse grind is more suitable than very fine chop.

After the calf is well started on the self-feeder, a small quantity of barley or wheat chop may be introduced and well mixed with the oat chop. This proportion may then be gradually increased until at the end of two or three months the mixture consists of barley and oat chop equal parts by weight. For a high finish add five per cent linseed meal to the end of the feeding period and slowly increase the proportion of barley to two pounds for each pound of oats.

The roughage at this stage is often one pound to four pounds of chop in hand feeding, but in self-feeding the amount depends upon the quality and kind of roughage.

Loose salt and plenty of clean water from which the calf has been removed are essential.

**SOAR FROM ALUMINIUM SCAFFOLD**

London, England, and its suburban community of Hampstead, lack the natural facilities such as snow and slopes which are normally associated with ski-jumping contests or exhibitions. These factors have added appeal to a spectacular ski-jumping display, held last March on Hampstead Heath. The modern metal, aluminium, and an ancient product, Norwegian snow, united to make this display possible amid spring greenery.

The meeting was originally suggested by the Royal Norwegian Embassy and the design for a scaffold, which would provide the necessary slope, was prepared by Mills Scaffold Company Ltd. The scaffold design followed the pattern of those used in Norway, except that it required aluminium tubing instead of wood. The flexibility of the metal—strong as steel and weighing only half as much—together with the ease and efficiency with which it could be assembled and dismantled, made aluminium an ideal material for this purpose.

The horizontal length of the temporary structure was 236 feet, and jumps of 80 to 100 feet could be made. The jumping hill itself was 12 feet wide, starting from a maximum of 70 feet above the ground level. Altogether 30,000 feet of Noral 515 tubing was used in this scaffold.

fold.  
Some 40 tons of chemically treated snow were imported from Norway for the jump which provided an unusual display for the people of London, maximum strength and security for the participants, and a minimum of damage to the turf in the area.—Aluminium News.

**BIG LUMBER ORDER**

Britain has signed an order for 200 million board feet of B.C. lumber worth about \$20 millions in one of the largest timber purchases in recent years.

The contract, negotiated by three representatives of the Coast industry and the British Timber Control in London is for shipment by June 30, 1951. The average over-all price is several dollars a thousand below American market levels.

This order, plus one early this year and another in early summer, brings total U.K. orders to about 400 million board feet. This is only about half the maximum taken by Britain just before and during the war, but it represents the largest deal since then.

**FROZEN DISPOSAL SYSTEMS**

The Extension Agricultural Engineer for the Alberta Department of Agriculture, C.A. Chesire, advises that a common complaint during

**NEW DE-ICING EQUIPMENT**

A new de-icing unit has been developed in Britain. It consists of porous panels, fitted along leading edges of wing and tail surfaces of planes, through which a special de-icing fluid "Kilfroast" is forced. The panels are made of "Porosint", a slintered bronze having millions of tiny pores.

the winter is the freezing of disposal systems. And yet, he says, half an hour's work in the fall can often prevent this trouble. In most cases the pipes leading from the house to the septic tank freeze, while occasionally the outlet pipe from the septic tank cause trouble.

Very often, says Mr. Chesire, the trouble is caused by a path leading over some part of the disposal system. In this case the simplest cure is often to re-route the path so that it does not cross any of the pipes. Where this cannot be done, any means of introducing insulation between the path and pipe will help. Straw or shavings may be used for this purpose.

As a precaution and especially where a system is new, a covering of one or two feet of straw spread over the pipes, septic tank, and disposal field is worth while. This added insulation helps to conserve the heat in the system and prevents freezing.

**FEED WHEAT**

The Dominion department of agriculture is advocating a greater feeding of wheat to livestock this crop year and suggests that information on feeding practices is now available from the provincial department of agriculture, agricultural colleges, experimental farms and livestock offices.

Wheat fed to swine requires the addition of protein, mineral and vitamin supplements. Not more than 50 per cent of the grain mixture fed to hogs should be wheat as overfeeding of wheat may penalize the carcass as over-finished.

In feeding wheat to cattle a high percentage of oats should be mixed in at the beginning of the feeding period. Wheat should be rolled or coarsely ground.

Wheat may replace coarse grains and bran in the rotation of the milking cow to the extent of one-third of the total grain ration.

Wheat should be rolled or coarsely ground for horses. It may be used with safety when fed along with oats.

With regard to sheep, one part wheat and two parts oats provide a mixture suitable for ewes and for lambs during the early part of the fattening period. As the lamb feeding period advances the proportion of wheat may be increased until three parts of wheat and one part oats has been fed.

**FRANCE ATTEMPTING TO INCREASE EXPORTS TO CANADA**

French authorities are considering measures which will have an immediate and long-range effect on their exports to Canada. The Franco-American Trade Committee has been created to group French businessmen and to interest them in the Canadian and United States markets. An export service has been instituted by the French Government to guarantee the French exporter against a great part of the risk involved by the expense of introducing a new product on the Canadian and United States markets. The French Government is also considering certain exemptions of "Charges Sociales", from which exporters to North America markets will benefit.

**ATOMIC HEAT**

Plans are being made to use the intense heat generated in the atomic energy "piles" to heat the buildings of Britain's Harwell Experimental Establishment. If the project is successful, scientists foresee the possibility of thus heating entire towns situated near atomic establishments.

## YOU CAN STOP FASTER THAN THE BIG FELLOW!

A modern passenger train rolling along at 70 to 80 miles an hour is a 1500-ton projectile of tremendous momentum and velocity. Trains of such weight and speed cannot be stopped within a short distance necessary to avoid a collision with a motorist who may have decided to indulge in one of the many hazardous practices which brought death to 180 and injuries to 519 others in 413 railway crossing accidents reported to the Board of Transport Commissioners for Canada during the 12-month period ended June 30th. Cars stalling in the path of trains, motorists attempting to beat the train to the crossing and misjudging the distance, motorists who drove into the sides of moving or stationary trains apparently as the result of impaired visibility or misjudgment of the speed and distance, all contributed to the mounting crossing accident toll. Remember, a car can stop quicker than a train. Give the big fellow the right of way!

## -: DISTRICT NEWS:-

### MOUNTAIN VIEW

Ladies, the regular meeting of Mountain View W.I. will be held on Saturday, December 2, and it is the annual meeting. Bring your gifts for the exchange. The place is at Mrs. Garnet Tighe's home and the lunch is pot luck.

Mr. and Mrs. Basil Atkinson has as their weekend guests their daughter, Margaret, and a friend, Audrey Schumme of Coaldale. The girls attended the O.S.A. Alumni dance Friday evening.

Mr. and Mrs. Eric Atkinson, Mrs. Arthur Gebers and Gordon visited Sunday with Mrs. Gebers' folks, Mr. and Mrs. Andrew Hansen, at Aldrie.

Mr. and Mrs. Stewart Tighe and George Morasch were weekend visitors with Mr. and Mrs. Ted Hunter and family at Penhold.

Mr. and Mrs. Milo Stearns and family of Acme were supper guests Sunday evening with Mr. and Mrs. Harold Shultz and family.

Misses Peggy and Edna Fulkerth visited last Tuesday with Mr. and Mrs. Alfred Morasch.

The Cancer Films that were shown at Mountain View hall last Friday evening were very interesting and well attended. There was a comic film and a film showing the handicrafts, the scenery of the grounds and the dairy at the Mental Institution at Ponoka. Dr. Lishman of the Rosebud Health Unit, Dr. Bromhall, the sanitary inspector, and Miss Davis gave short addresses and answered questions. The evening was brought to a close when lunch was served by the ladies.

Mr. Lyle Shultz and David Smith were among the ex-students who attended the Alumni dance at the O.S.A.

Mr. and Mrs. Raymond Hayne and Leonard visited last Tuesday afternoon with Mr. and Mrs. Lawrence Hunter.

Dinner guests Sunday with Mr. and Mrs. James Worrall were Mr. Basil Atkinson, Kay and Margaret, and Audrey Schumme of Coaldale. There will be a dance at the Mountain View Hall this Friday evening, December 1, with Krebs' orchestra. Come and enjoy yourself.

### WEST NOTES

Mr. and Mrs. Les Korschuh of Red Deer were down over the weekend.

For the past week or more the trees, wire fences, etc. have been covered with a heavy hoar frost, making the country look like a beautiful Christmas card, especially when the sun comes out.

Coyotes are very busy in the district. Mrs. M. Campbell lost six turkeys last week, and one Coyote took a goose out of a coop at the A. L. Hogg farm.

Mr. H. Papke and Mrs. L. Banting were Edmonton visitors over the weekend of the 18th.

Mrs. W. Blain Sr. visited with Mrs. A. McInnes last Wednesday afternoon.

Mr. and Mrs. J. Bagshaw, Mr. and Mrs. O. Thompson, Mrs. O. Krebs and Mr. and Mrs. Alfred Cowitz spent Friday evening with Mr. and Mrs. A. L. Hogg.

Mr. and Mrs. J. Johnston visited with Mr. and Mrs. E. McInnes on Sunday.

Mr. George Laak and Mr. Colin Hogg of Calgary spent the weekend at the latter's home, and Mrs. Arnold Hogg accompanied them back to Calgary on Sunday to stay a few days.

Mr. D. Evans left Saturday for Kansas where he plans to stay the winter.

Among those attending the alumni supper at the home of Mr. and Mrs. L. Papke on Sunday evening were Mr. and Mrs. R. Sutherland, Mr. and Mrs. Vic Schneidmiller, and the newlyweds, Mr. and Mrs. Earl Lewis.

Mr. and Mrs. J. Bagshaw entertained most of the Byrt family on Sunday in honor of their niece and nephew, Joyce and Donnie Fisher, who celebrated their ninth and seventh birthdays respectively.

Mr. C. Byrt has had the electric lights installed in his store and home and now he can find the gas pumps at night without a flashlight.

The final payment on the five year bond which ended last July 31, was made before Christmas. This is the opinion of W.A. Tucker, Saskatchewan Liberal leader, who recently returned from visit to Ottawa. Mr. Tucker said he did not think the government would drop the freight plan on feed grains to the east and to British Columbia during the present crop year. There is a lot of feed grain in the west and cutting off free freight this year would reduce market outlets.

WATCHES CLEANED AND  
ADJUSTED ..... \$2.00

### BERGEN NOTES

A number of Bergen people attended the decoration service at the Sundre Legion Hall and the banquet that followed on Remembrance Day.

Mrs. D. O. Clarke received word on Friday that her father had passed away. Mr. and Mrs. Clarke and Sherry left for Drumheller to attend the funeral. The residents of the district extend deepest sympathy.

Howard Baughman is working in the Bergen Store.

The mercury dropped to the 20 below mark during the recent cold spell. We've had two months of winter now, so cheer up. Only five more to go!

Irene Lyle declares that she is almost as good as new again. Several weeks ago Mrs. Lyle accidentally shot her hand when she was out hunting. While leading her horse through the thick brush she had set the high powered rifle down and when she went to lift it the hammer caught on a twig, discharging the rifle and shooting three holes through her right hand. She can't even figure out herself how she did that. Showing great presence of mind she applied a tourniquet and rode home. When she found no one at home she dressed the wound herself and when Mr. Lyle returned he rushed her to the Olds hospital.

Perhaps the cougar that is reported in the district has heard of Mrs. Lyle's accident and that is why he dares show himself. The cougar was first seen near the Sundre-Olds highway east of the Village of Sundre, and later showed up at Ratcliff's farm. Those who have seen the animal declare that he is a good ten feet in length.

### South West Didsbury

Mrs. Tom McNair left Wednesday for an extended visit with Mr. and Mrs. Alfred Brusco and family at Trenton, Ontario.

Little Norma Betus returned home Wednesday evening from the hospital.

Mr. and Mrs. J. Edwards and family motored to Calgary Saturday to visit Mr. Ernie Edwards who is a patient in the Col. Belcher hospital.

Mr. and Mrs. C. F. Stroud and family were Sunday dinner guests of Mr. and Mrs. M. Dippel, and in the evening Mr. and Mrs. Eldon Hunt were visitors.

Mr. C. B. Shantz of Calgary was visiting the Dippels and Mrs. R.L. Shantz.

Mr. R. L. Shantz left Thursday for Decatur, Indiana, to take an auctioneer course.

Mr. Ward Stierick and Mr. R. J. Cunningham and hunting party were successful in getting an elk and a deer.

Mr. and Mrs. J. Edwards were Sunday visitors with Mr. and Mrs. Albert Korschuh and family. They especially went to see Shirley who has been ill.

Mr. and Mrs. J. B. Hipkin and family were Sunday visitors with Mr. and Mrs. Dale Kimmel.

Little Allan Bunsinger has been ill with the flu for several days.

Mr. and Mrs. Gordon Weber had a family gathering for dinner on Sunday evening. Guests were Mr. and Mrs. Herb Spreeman of Camrose, Mr. and Mrs. Charles Spreeman and daughter Eloise, Isaac Spreeman, Mr. and Mrs. Cecil Weber and Mr. and Mrs. Ernie Good.

### ZELLA NEWS NOTES

A splendid crowd turned out Friday evening, November 24, at the school to make the program and auction sale a huge success. A varied program of songs, piano selections and readings was enjoyed by one and all, with Cliff Gibbs as master of ceremonies. The many and useful articles were quickly disposed of under the hammer of the capable auctioneer, Arthur Walldorf. The quilt raffle was won by John Reinhart of Didsbury, and total receipts of the evening were \$121.00. The Institute wishes to thank all who took part in the program and all contributors for making the evening such a success.

With deep regret we learned of the untimely passing of Gordon Bliss in the Didsbury hospital Friday, November 17. Funeral services were held the following Wednesday in Olds. Gordon was the son of Mr. and Mrs. Bliss of Sundre and had worked in the district for the past two years.

Mrs. Nina Toppin spent the week end in Calgary where she attended the wedding of her daughter, Alice, to Bill Ball, the marriage taking place on November 25. The Ball family were residents of the district five years ago.

Mrs. Batts accompanied by her mother, Mrs. M. Dube, left for eastern Canada on Tuesday. Mrs. Dube, who has been very ill at her home for the past two months, will spend a convalescent period with her daughter.

Lewis Reist of Zella and Roy Reist of Westward Ho spent a week hunting near the Brewster Ranch and bagged an elk and a deer.

**LITTLE ITEMS OF  
LOCAL INTEREST**

Mrs. Milt Ford and son and Mrs. Annie Smith of Carstairs were Didsbury visitors Saturday.

—Don't forget the dance to be held at the Mountain View Hall on Friday, December 1st. Krebs' Orchestra will furnish the music.

Crystal Dairy Ltd. at Didsbury received word that it had been awarded a second prize and two third prizes for butter at the Toronto Royal Winter Fair.

—There will be a dance at Rugby Hall on Friday, December 1st.

Cyril Brooke, who was confined to the Didsbury hospital for the past month following an accident when he fell from the hay loft at his farm home, returned home last Thursday and is rapidly recovering from his injuries.

—Are you using fertilizer? It pays dividends. Order from Harold E. Oke, phone 10, Didsbury.

Mr. E. T. Wiggins returned Saturday from Winnipeg where he attended a meeting of the Canadian Teachers' Federation, of which organization he is the president.

The general meeting of the Ladies' Curling Club will be held in the waiting room of the curling rink on Wednesday, November 29, at 3:00 o'clock. All ladies interested are asked to be present.

—Dress Corduroy at Ranton's. Four colors to choose from.

The many friends and neighbors who have been so kind to George Brown since his unfortunate accident when he suffered a fractured leg last February, will be glad to know that he is now able to get out of bed and is learning to get around with crutches.

—The piano students of Mr. C. F. Donner will give a recital on Friday, December 1, at 8 p.m. at Knox United Church. The proceeds of the silver collection will go to the church choir fund.

—A new shipment of Christmas Dresses at Ranton's.

Dr. and Mrs. P. Kimmit were passengers on the train from Vancouver to Edmonton, which was involved in the train wreck at Canoe River, but they were not injured. Dr. Kimmit is a son of Mrs. Kimmit, home economic teacher at the Didsbury school.

Mr. and Mrs. D. B. MacKenzie (nee Elaine Klein) announce the birth of a son, Rodney Bruce, in the Calgary General Hospital on November 20.

Mrs. Sidney Ponting and twins, Teddy and Judy, visited last week at the Roy Benson home.

—You can get Kiddies' Sleepers in sizes 1 to 6 years, at Ranton's.

The Afternoon Group of W.A. of Knox United Church will hold a meeting at the home of Mrs. W.D. Spence on Thursday, November 30, at 2:30 p.m.

Mr. and Mrs. Ray Campbell and girl, spent Sunday visiting with friends and relatives at Carbon.

—There will be a dance at the Melvin Hall on Friday, December 8.

A general meeting of the Didsbury Curling Club has been called for Wednesday, November 29, at 8:00 p.m. in the waiting room of the rink. Election of skips will be the main business.

Vern Benson of Brooks, Alberta, is visiting in Didsbury with his brother, Roy Benson.

Jim Hooper has purchased the Unger residence in the north end of town and expects to move in this week.

—The W.A.'s of Knox United Church will hold a tea, bazaar and coffee bar for the business men in the basement of the church on Saturday, December 2.

Irwin Klein and party from Eagle Hill returned last Thursday from a big game hunting trip in the Panther area, where they bagged only one elk. Game was scarce and wild owing to the presence of many wolves and cougars in the foothills area.

**CLASSIFIED**

FOR SALE—Year old Moffatt Electric Range, full size, cheap for cash. Phone 125, Didsbury.

FOR SALE—Registered Yorkshire Boar 1½ years old; also young boars 5 months old, ready for service about middle of December. P.E.T. breeding papers on request. H. J. Sawatzky, phone 1308, Carstairs.

See your Midland Agent regarding Registered and Certified Seed. We expect good seed is going to be very scarce this year and farmers will be well advised to order early to insure delivery.
